## DETAILED ACTION

### *Election/Restrictions*

In the Response to Restriction Requirement dated May 20, 2005, Applicant has elected the invention of Group I (claims 1-8), drawn to a device, and canceled claims 9-17 without waiver, prejudice or disclaimer is acknowledged.

### *Examiner's Amendment*

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The title of the invention has been changed as follows:

-FLASH MEMORY CELL--.

### *Allowable Subject Matter*

Claims 1-8 are allowed.

The following is an examiner's statement of reason for allowance:

Claims 1-8 are allowable over the prior art of record because the prior art of record does not teach or render obvious a flash memory cell comprises a first conductive type doped region configured within the drain region such that the first conductive type doped region extends through a junction between the drain region and the first conductive type pocket doped region,

wherein the first conductive type doped region separates from the spacer disposed over the drain region by a distance; and a contact plug disposed over the drain region and connected electrically with the first conductive type doped region, and in combination with all other features as recited in independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
